

Quick Guide to Online Fundraising for Walkers

At **marchforbabies.org** you can set up your own personal fundraising page. Once your page is set up you can reach out to potential donors to receive your donations.

1 Log in to reactivate your profile. Can't remember your password? Click on the "Need Help Logging In" link to retrieve your login information.

2 Click on the link your team captain provided in the email to sign up for the team. You can also join your team by clicking "**Join a Team**", enter the team name to search and sign up. New teams can register by clicking Start a Team. The information you provide will be used to create your personal fundraising page and your team page.

3 "Your Dashboard" is your one stop shop to send emails, track your fundraising progress and even read our blog. Consider taking the "Be Your Best for Babies" challenge by clicking on the GO button.

4 The "Message Center" will alert you to any tasks you can complete along with any donations made to your page.

5 Fundraise by using our social share. Click on any of the buttons in the "Spread the Word" section to log into your account and promote your fundraising page.

Tell your donors about your walk:

Your fundraising page is your chance to share why you are walking in March for Babies. Customize your page by adding a photo, a story, video, and/or connect your personal blog.

You can also edit your event location, change teams or start a new team right from your fundraising page. Click the **Save My Changes** button at the bottom of the page to save.
